- Either math or language arts, the learning plan is designed exclusively for each student.
- By administering many practices at differing levels of difficulty, we would be able to identify weak points, and then work on it from scratch.
- We provide students with various worksheets for each of their lessons.
- We follow 100% academic curriculum and related materials so that the students' good grades are maintained
- You will receive regular assessment from us regarding your child's academic progress
